FAHAD HOSSAIN

New York, NY - (631) 747-3523
hoss.fahad@gmail.com https://linkedin.com/in/hossfahad https://fahadhossa.in

Skilled in delivering results by using software to connect teams, collaborate in diverse environments, and understand technological visions to make them a reality.

EXPERIENCE

AUGUST 2019 – CURRENT
PRODUCT MANAGEMENT INTERN, NORTHWELL HEALTH

Working on Product Specs, User stories & Data Analysis for smart home products, including integration of Amazon's Alexa to hospital beds and Samsung's Tizen OS wearables for clinicians throughout New York. Envisioning the next-gen of healthcare for the largest firm in New York.

JUNE 2019 – AUGUST 2019
SOFTWARE ENGINEER INTERN, NORTHWELL HEALTH

Developed multiple mobile applications to retrieve clinical data effectively, in hopes to replace the manual and mundane tasks clinicians face in hospitals. Technologies: C#, ReactJS, Azure Services.

AUGUST 2018 – DECEMBER 2018
WEB ENGINEER INTERN, CNN

Worked on transition from CNN Money to CNN Business by handling redirects for tens of millions in traffic to the main-site. Devised a strategy for the best route to recreate the CNNMoney navigation bar in order to reduce server loads and increase page speed and responsiveness. Technologies: NodeJS/JavaScript & Responsive Design.

JUNE 2018 – AUGUST 2018
SYSTEMS ENGINEER INTERN, MEMORIAL SLOAN KETTERING

Created dashboard testing application monitoring Restful API's used throughout Sloan's services. Consisted of designing, prototyping, and building the application. Technologies: Kendo UI, JS, NodeJS.

MAY 2014 – NOVEMBER 2017
CO-FOUNDER, RIDELINE

Built and grew a luxury transportation service serving Long Island and NYC. As a co-founder, managed a team of 6 in creating, marketing, and generating leads from multiple F500 corporations and major hotel chains throughout New York City and Eastern Long Island.

EDUCATION
